Horse Branch Honors Rev. Wilburn Beasley

Horse Branch Free Will Baptist Church declared July 6, 1997 as "*Wilburn Beasley Day*" and honored this eighty year old preacher for his faithfulness in ministry. The gathering of family, friends and notable personalities was quite a surprise for Brother Beasley. Scattered throughout the two-hour ceremony were testimonials, songs, poems and presentations of gifts and plaques. Some of the presentations are noted below.

◆ Brother **Allen Coker**, chairman of the deacon board, presented Brother Beasley with a plaque which read, "In Recognition and with Grateful Appreciation for Your Loyal and Dedicated Service to Our Lord, Our Denomination, Our Church and Our Community."

◆ **Rev. Ron Moore**, Promotional Director, presented him with a Certificate of Special Recognition which honored his nearly fifty years of faithfully preaching the Gospel.

◆ **Turbeville** presented him a plaque which read, "The membership of the **Town Council**, acting in behalf of the residents of the Town of Turbeville, South Carolina, do hereby proclaim Sunday, July 6, 1997 as *Wilburn Beasley Day*."

◆ **Rep. Pat Goodwin** presented Brother Beasley a copy of bill H.4336, A Concurrent Resolution of the South Carolina House and Senate which read, in part, "The members of the General Assembly hereby commend **Reverend Wilburn Beasley** of Turbeville, a legend in the **Free Will Baptist Church**, for a lifetime of service as a minister and community leader in South Carolina and the Southeast."

Rep. Goodwin with Rev. Beasley

Rev. Beasley has held many positions in local, state and national levels of the denomination. He served on the Board of Retirement and the General Board of the National. He served on the Children's Home and Home Mission Boards of the State Association.

Through his many years of faithful ministry, Brother Beasley has earned the love, respect and appreciation of Free Will Baptists everywhere. He is especially noted for his wisdom and humor.

One of the unique benefits of the newly adopted South Carolina Foreign Missions Plan of Support is its **flexibility**. This is demonstrated in several ways. First, the plan allows for **annual adjustments** at the state level to help keep accounts from going in the red while our missionaries are on the field. If an account gets into trouble, we can adjust the percentages accordingly.

Secondly, every church can implement the plan as determined best by them. While respecting the **autonomy of the local church**, it builds cooperation between churches as we work toward a common goal--reaching a lost world with the gospel.

Thirdly, the plan allows churches and individuals to easily **convert their present gifts** to shares. For example, if a church is giving an average of \$155 per month to South Carolina missionaries, they are already underwriting 15 shares! If an individual is giving \$25 a month through designated faith promise giving, then they are already underwriting 2.3 annual shares!

The flexibility of this plan will allow us to **build on past and present giving practices** to challenge more of our people and churches to even higher levels of commitment!
